# The Oasis Digipak

Choose a package that radiates quality and eco-friendliness.

There are Digipaks and then there are *Oasis* Digipaks. We insist that your Digipaks be made from the finest all-natural ingredients and crafted to our exacting specifications. For example, we use only 100% Green Forestry Practices board stock and high-quality vegetable based inks. And you get your choice of a sultry, high-gloss UV finish or a subtle matte finish at no extra charge.

## The Zero Carbon Footprint Digipak™

Make music without harming the earth or atmosphere, or filling up landfills! The Zero Carbon Footprint Digipak, featuring the Oasis BottleTray™ reduces carbon emissions by 88% overall compared to a jewel case (65% compared to a conventionally-trayed Digipak).

In addition, the Zero Carbon Footprint Digipak's use of the clear, flexible Oasis BottleTray keeps 400 liter-sized water bottles out of landfills or incinerators, as it is made entirely from 100% postconsumer water bottles.

Pick either black or white for your Oasis Soft Spot center.

# Green Forestry Sleeves

Perfect for singles, EPs, promo kits, and budgets!

Green Forestry CD sleeves are our most affordable, eco-friendly CD packaging option.

Light-weight and great for promo mailings, all of our custom printed CD sleeves use 100% Green Forestry Practices board stock and high-quality vegetable-based inks that let you present your image in full color on each panel, protected with your choice of a high-gloss UV or subtle, matte finish.

Oasis CD sleeves also include free poly wrap or a wafer seal.

## Try the Oasis Secret Envelope™

Keep your CD safe without using any plastic. The Oasis Secret Envelope is a CD sleeve that features a top that tucks closed like a handmade secret envelope. Pull out the tab to reveal your disc inside. The Oasis Secret Envelope can also hold an additional lyric sheet – a very cool option! Does not include (or require) poly wrap or wafer seal.
